About Me

Full Stack Developer with 1 year of experience specializing in the MERN stack, with a strong focus on mobile app development using React Native (Expo). My background in UX design allows me to craft user-friendly and visually compelling interfaces, ensuring seamless digital interactions. I am committed to continuous learning and leveraging the latest technology trends to deliver innovative solutions aligned with industry advancements.

Professional Experience

Full Stack Developer (MERN) and UX Designer
Citroit Solutions – Bengaluru, India
Nov 2023 – Oct 2024

- MERN Stack Development: Focused on mobile apps using React Native (Expo) and web development with React.js.
- Project Development: Led the development of several applications, ensuring functionality and user experience.
- UX Design: Applied UX design skills to create user-friendly interfaces.
- Maintenance: Provided ongoing support and improvements for existing products.
- Problem Solving: Assisted in resolving issues and fixing bugs in web applications.

UX Design Intern
Gomobites LLP – remote
[Jan, 2023] – [Apr, 2023]

- Played a pivotal role in iterative design and redesign processes, optimizing user interfaces for enhanced user experiences.
- Converted designs into functional code using JavaScript, collaborating with cross-functional teams to ensure seamless execution.
